Fee Schedule

Program Description:

Behavioral Education for Children with Autism (BECA) specializes in helping children who have been diagnosed with autism spectrum disorders (ASD). The educational curriculum is comprehensive - aimed at enhancing the language, social/play, pre-academic, and independent living skills of children so they may better pursue opportunities in their communities and require less professional attention as they grow older.

Service Description:

Consultation services are offered to families regardless of geographic location. In this service format, an assigned BECA consultant provides both direct and indirect consultation at a mutually-agreed upon frequency. The frequency of direct/indirect consultation is determined after discussion with the family during the intake process. BECA recommends, at a minimum, 6 hours per month of direct consultation and 3 hours per month of indirect consultation. Please find below a description of the services BECA offers.

Direct Consultation: This service is conducted during a visit by a BECA consultant, typically in the home, school, or community setting. Direct consultation time is quoted at an hourly rate and billed at 15-minute increments.

Behavioral Observation/ Skill Assessment

The Behavioral Observation and Skill Assessment are conducted by a BECA consultant to evaluate the child's current skill levels in multiple settings (e.g., home, school, community). It is also used as part of our intake process to determine if the services offered by BECA would be a good fit and meet the needs of the child and family.

***When payment for a behavioral observation is being funded by an outside agency (e.g., Regional Center or School District), financial arrangements will be made with that agency.*

Direct Consultation: \$145/hour Mileage: Federal Standard Rate (currently .505 per mile)
 Indirect Consultation: \$110/hour Travel Time: \$35/hour over 30 minutes one way

Initial Consultation

The initial direct consultation visit will be used to establish current skill levels, develop an appropriate behavioral education program, and to train staff and parents in the use of effective applied behavior analysis teaching procedures.

***When services are funded by an outside agency (e.g., Regional Center or School District), financial arrangements will be made with that agency.*

<i>Consultation-Based Services</i>	<i>Center-Based Services</i>

Provision of 1:1 staff (e.g., Senior Instructional Aide, Instructional Aide): N/A	Provision of 1:1 staff (e.g., Senior Instructional Aide, Instructional Aide): \$51/hour

Ongoing Training

During ongoing training visits, the child's progress will be assessed and a discussion held regarding the progression of skill development. Teaching methods targeting acquisition of new skills are demonstrated and practiced. Further, ongoing training and skill development for parents and staff are provided.

***When services are funded by an outside agency (e.g., Regional Center or School District), financial arrangements will be made with that agency.*

IEP/IFSP/IPP Meeting Attendance

Direct participation in meetings (e.g., IEP, IFSP, and IPP) used to assist in the development of appropriate educational goals. Upon request BECA will generate a draft of individualized goals and objectives that can be used to assist in the development of appropriate goals and objectives by the IEP team. Additionally BECA staff will participate in IEP/IFSP/IPP meetings upon parent request.

***Payment for this service is generally not provided by funding agencies (i.e., Regional Centers and School Districts).*
